A BOUT the 20th day of August, 1876. I was employed by Messrs Wats in, Wooster & Co., composed of Wm. C. Watson Morris Knight, and George it. Wooster, to manufacture Sewing Machines, which were known as the "Watson Ten Dollar Sewing Machine." That theresider I received a notice from the countel of O B. Potter and N. Wheeler, mentioned in the annexed copy of injunction, informing me that these Machines were an infringement upon Letters Patent which they owned, and that suits would be instituted against me, unless I should otherwise settle with them. This notice I be nded to Mr. Wooster, I then made investigations to ascertain the facts, and found that said Mac inc, as I believed, was an infringe-ment of said Patent, and I informed said Watson that such

Sub-equently a suit was commenced against me by said Potter and Wheeler, and immediately thereaft r I so in-formed Mr. Watson, and requested him to take charge of the defence of the same, and he refused to do so, and I then told him that I would have nothing more to do with it, and I then ceased to make the Machines, and the ininnot oo, a copy of which is hereto annexed, was i-ened and erved upon me. Dated New York, February 11th, 1857. In presence of Stass B. Aspars
I do hereby certify that the above statement, subscribed

by me, is correct and true UNITED STATES OF AMERICA, CIRCUIT COURT OF THE UNITED STATES, SECOND CIRCUIT FOR THE SOUTHERN DISTRICT OF NEW YORK.

IN EQUITY. The President of the United States of America to Jone. Onan his Attorneys, Servants, Agents, and Workmen,

and each and every of them, Whereas it hath been represented to us in our Circuit Court of the United States, for the Southern District of New York, sitting as a Court of Equity, on the part of Or-lando B. Potter and Nathaniel Wheeler, complainants, that they, the said Orianao B. Potter and Nathaniel Wileel er, have lately exhibited their bill of complainst against you, the said Joel Chase, the defendant, to be relieved touching matters therein contained, in which bill it is, among other things, set forth, that you, the said lefendant, are violating and threatening to violate certain exclusive rights and privileges vested in said complainants, for constanting to the said complainant. for conviruating, making, using and vending to others to be used, certain improvements in Sewing Machines, and that the setings and doings of you the said defendant are contrary to quity and good conscience; we, therefore in consideration of the premises, do strictly, and until the further orders of this Court, enjoin and command you, the said Joel Chase, and your At orneys, Servanis, and Workmen, and each and every one of the ", under the penalty that may fall thereon, that you, and each of you, do from benceforth, altogether, ab-outely and until the further order of this court, desist and refrain from directly or in directly, constructing, making, working, using seiling, or putting foto practice or operation, or in any ise counter feiting or i sitating the invention or improvement belong-ing to said complainants, and described, claimed, and set forth in certain Letters Patent of the United States, re-issued to A. PATENT ELASTIC FIRE & WATER-PROOF CEMENT ROOFING.

THE undersigned are prepared to introduce into use in Tempesare W. E. CHILDS & CO.'S PATENT ELAS TIC FIRE AND WATER-PROOF CEMENT ROOFING, and ask the attention of architects, Builders, Railroad Companies, and the public to examine its superiority over other ARCHITECTS AND BUILDERS should not fall to examine this Roofing, as it is better and cheaper than any thing in use. The material forms a hard and smooth surface that will resist the action of the atmosphere in every climate. It is impervious to water, elastic, and flexible. It contracts and expands with the changes of the almos-phere, and will neither evaporate, crack nor rot; and, as to is durability, there is no question.

It is practically imperishable, and will perfectfully resist any ordinary external exposure to fire, as is shundantly proved, and we will warrant it water-proof. We will en-gage to put our Roofing on over ordinary good heathing, old shingles, tar and gravel, tin, sinc, exposer, or fron roofs—
it making no difference how steep or flat they may be—
for seven dollars per one hundred square feet; it being far
cheaper than any Roof of the old style, and we are sure it

Copper, Tin, Sheet Iron Wares, &c., will give better satisfaction.

It will also be found to be the best thing ever invented to cover or mend old leaky tin, tar and gravel roofs, or around chimneys, souttles, dormar windows, and gatters, where the tin is rusted through. This Cement can be put on to last as long as stone, and form a perfect adhesion to any object to which it is applied. Tin Roofs can be painted over (and warranted not to leak) at two d liars and fifty cents per hundred square feet, which is cheaper and much better than paint. This floofing will be found to be the best theng for covering large stoofs where they are exposed to fir —such as Steam Mills, Saw Mills, Factories, Railroad Cars, Bridges, Depots, Station Houses, Steamboat Decks, and, in fact, every kind of Roof where there is an external exposure from fire. As the Roof is perfect, without a joint in it, it presents no chance for fire to communicate, and any ight substance will burn out without igniting. Insurance Offices at Cincinnati, and other places where Guida & Co.'s Cement has been used, insure Buildings with toofs covered with this Cement, at the same rates as for those covered with Iron, Copper or Tin The Cement will be furnished to those at a distance with directions for using.

Orders tent to the undersigned, through the Postoffice, will be promptly attended to J. T. NATHURST.

No. 24, Spruce Street.

TESTIMONIALS AND REFERENCES. OFFICE BUCKETS STATE INSURANCE COMPANY,) To all whom it was concean: This is to certify that have examined specimens and Roofs of W. E. Childs & Co.'s Elastic Fire and Water-Proof Cement Roofing," and be Elastic Fire and Water-Proof Cement Rooning, and be lieve it to be eminently superior to any other kind of Roofing in use. I was an eye witness of a severe trial of one of these Roofs from a large volume of flame from an algoring building, which struck directly upon the roof and cornice for nearly half an hour. It stood the trial beyond all expectation, and saved the building. T. M. HASKELL, President Buckeye State Insurance Co.

CINCINSATI AGENCY ROTAL INSURANCE COMPANT, Vebruary 6, 1857. I have examined W. E. Childs & Co.'s "blastic Fire an Water Proof Cement Roofing," and as far as I can judge consider it a great invention, and am willing to insure buildings thus protected upon the same terms as I insure those covered by metal. From J. B. Bennett, General Agent of Eina Ins. Co. for the Bouthern and Western States. Ciscinnati, Jan. 7, 1857. CINCINSATI, Jan. 7, 1857.

Having made considerable inquiry as to the merits of the
'Patent Elastic Cement Hoofing,' introduced into this city
by Childs & Co., I find it to be highly recommended in this
oity by many excellent juriges; that it is meeting with very
ready and general introduction; that its superfority over
the tar composition Roofing is decided and freely admitted. and finally, I expect to adopt it for my next roof, which will be next summer—having intended to use tin, but will try the virtue- of the "Patent Elastic Roofing" as a substitut

HOLLAND BITTERS

JE MAINTIENDRAL THE CELEBRATED HOLLAND REMEDY FOR

DYSPEPSIA,

DISEASE OF THE KIDNEYS. LIVER COMPLAINT, WEAKNESS OF ANY KIND FEVER AND AGUE. and the various affections consequent upon a disorder

STOMACH OR LIVER, Such as Indigestion, Acidity of the Stomach, Colicky
Pains, Heartburn, Loss of Appetite, Despondency, Coativeness, Blind and Bleeding Piles. In all Nervous Kheumatic, and Neuralgic Affections, it has, in numerous instances, proved highly beneficial, and in others effected a ecided cure.

This is a porely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged. It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent aptrits, or other forms of dissipation. Generally instantaneous in effect, it finds its way directly to the seat of life, thrilling and quickening every perve, raising up the drooping spirit, and, in fact, infusing new health ing up the drooping spirit, and, in fact, infusing new health and vigor in the system. NOTICE.—Whoever expects to find this a beverage will be disappointed; but to the sick, the weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.

CAUTION. The great popularity of this deligh ful Aroma has induce & many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given Boerhave's Holland Bitters a fair trial.
